

# Barbara A. Wood Academy of Art Supply list

**Below is a list of art supplies required for the classes grades K-1 and 2-3.**

Please note... When first starting art classes there is an initial investment to purchase required supplies. Please be aware that there will be materials remaining at the end of the 8-week course that will be able to be used in future courses.

You should be able to purchase most items at any art supply store. However, in an effort to help keep the cost of supplies low, the Barbara A. Wood Academy of Art will be selling the required materials at **below retail prices**. The brands listed below are what are currently carried at the Academy and though they are our recommendations, it is not required that these brands are used.

The supplies on the list below will need to be brought to every class. For easy storage we recommend keeping all the small items in a gallon size ziplock bag. If supplies are purchased through the Academy they will be waiting for your student(s) on the first day of class already placed in a ziplock bag. Though not required, we recommend purchasing the 14" x 20" x 2" Portfolio case listed below - this is an inexpensive case that will enable the student to carry almost all their art paper plus the ziplock bag of supplies.

Student Name: \_\_\_\_\_ Class Day: \_\_\_\_\_ Class Time: \_\_\_\_\_
